PROFILE

Information Systems student focused on frontend web development, with hands-on experience building responsive, user-friendly websites and full-stack web apps through academic, thesis, and personal projects. Comfortable with HTML, CSS, JavaScript, React, Next.js, TypeScript, and Tailwind CSS, plus backend basics with Node.js, Express.js, and MySQL. Built projects like NutriPlan (meal-planning web app), a business promotion site, beauty booking system, and an online programming school website, demonstrating strong UX focus and clean, maintainable code.

Developed a responsive website for an online programming school featuring course information, pricing, target audience, FAQ, contact form, and consultation booking.

Tehnologije: Next.js, TypeScript, CSS Modules and EmailJS

WORK EXPERIENCE

Jun 2025 – Jun 2026

Sales Assistant, Pekara Teodorović S DOO · Batajnica

- Guided new employees on daily responsibilities and work standards, enabling them to get up to speed more quickly.
- Communicated with customers, presented the product range and recommended products based on their needs, contributing to higher sales and customer satisfaction.
- Collaborated with colleagues to prepare and fulfill large orders, ensuring everything was ready on time and in line with client agreements.
- Opened and closed shifts, occasionally taking responsibility for organizing work during the shift.
- Operated the cash register and kept the work area consistently clean, tidy, and ready for service.
